WELCOME CHANGE

WELCOME **CHANGE**

Today's India is filled with new experiences. From entertainment to transportation and food, the modern Indian wants to try out all that's new. And every experience, no matter how small, brings you into a new world and changes your lifestyle for the better.

At IndoAsian, we have always derived inspiration from your needs and are always looking to create products that will serve you best. Our 58 years of service in safeguarding India with protection products, is testament to our belief. By keeping in sight your passion for change, we present to you our all new range of wiring accessories - Glint.

A good-looking package of convenience, flexibility and performance, it brings a spark of change to your lifestyle. Glint will add a shine to your walls, without burning a hole in your pocket!

So go ahead, switch to the brighter side of life. Switch to shine. Switch to Glint and welcome change!

MODULARITY

Discover the magic of a modular range with Glint. Designed to perfection, its curved edges and screw-less finish will light up your rooms. The gleaming white colour sparks style, while the glossy finish brightens every wall, no matter what the colour. Its modularity gives you the convenience to install it at the snap of your fingers; it's hassle-free and also easy. With Glint, you can enjoy both ease of installation, and the charm of simplicity, at the same time.

SAFETY

We know that the safety of your loved ones comes first. That's why all our Glint switches are fire-retardant, and the sockets have safety shutters, making them shockproof. Compatible with all plugs, Glint sockets also come with a special feature of pencil-free operation, which ensures freedom from scratches and marks, and most importantly, guarantees peace of mind.

QUALITY

Good looks demand great quality. Glint switches are made of quality PC material and components that add a glossy finish to all your walls, no matter what the colour. Its UV-resistant material ensures that the brightness lasts, and never grows dull. And with an ISI certification you can be sure that along with the good looks, you are also guaranteed complete safety.

EASY IDENTIFICATION

A modern range comes with modern technology.
Our Glint regulators come with a special laser marking that makes identification easy and adds to the beauty of the design.
And guess what, it lasts even longer than printed markings!

FLEXIBILITY

Glint, the all-new modular range, offers you the freedom of flexibility. You can customise the plates as per your convenience or even leave a blank module or two to replace in the future. There's no need to change the entire unit; instead just replace the blank module with the required switch or socket. Save on time, save on money.

RANGE

Glint offers a wide spectrum of products ranging from switches and sockets, to RJ 11, RJ 45, buzzers, 32 DP, and much more. The entire Glint range is UV-resistant, ensuring that your walls stay gleaming, always.

6A SWITCH

MULTISTANDARD SOCKET

BLANK PLATE

16A POWER UNIT FOR AC AND GEYSER

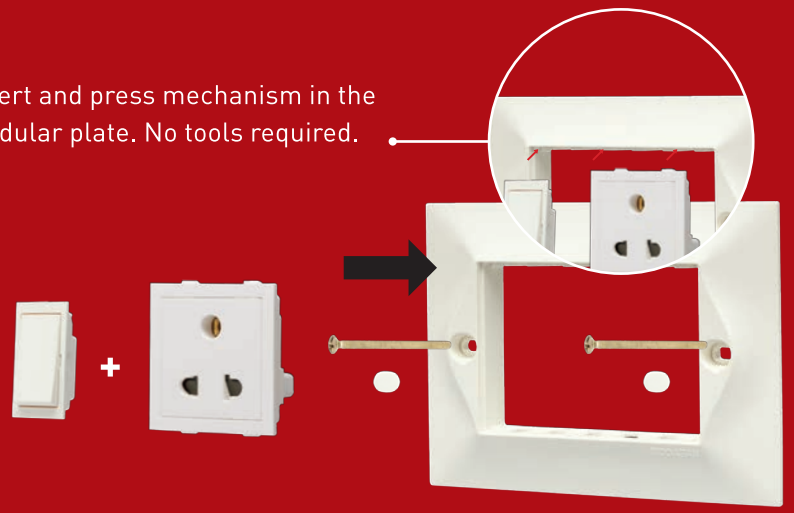
VALUE FOR **MONEY**

Glint is a modular range that brightens up your walls with a gleaming white colour that complements all hues, while transforming your home with its modern looks. It offers quality as well as convenience, and most importantly, does so at an affordable price.

EASE OF INSTALLATION

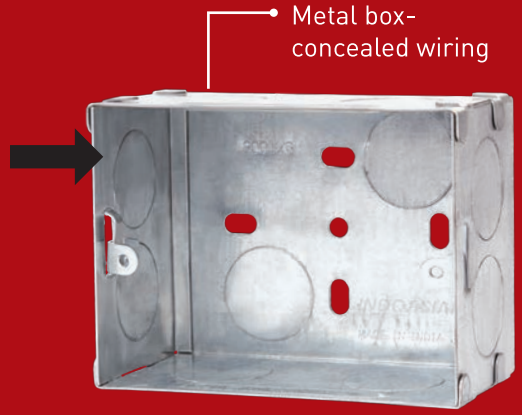
Modular switches, while being flexible and good-looking, save more than half your installation time. The Glint modular range is very easy to install. With just a simple mechanism they'll adorn your walls even before you know it.

Insert and press mechanism in the modular plate. No tools required.

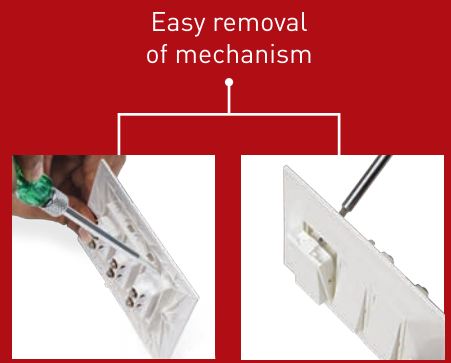


Switch + Socket

3 Module Plate



3 Module Metal Box



LED INDICATOR

The Glint modular range also offers switches with LED indicators. All LED indicator switches are long-lasting and use less electricity. They indicate the ON/OFF position of the switches and also their working condition.
